

# 1swim.com ABOVE GROUND POOLS

## Premium Wooden Pool

Every Plastica Wooden Pool is delivered as a complete package, with everything needed to make your dream a reality. All you need to do, is lay a base (Concrete recommended) fit the electrics, put up your pool and fill with water – nothing could be more simple. The Plastica Ltd pools are made from a combination of ecologically safe preservative treated soft wood for the walls, and textured hard

wood for the top shelf. The combination of materials enables Plastica Ltd to offer a 10 year manufacturers warranty on the wall. The top shelf is available in either 2-piece or 1-piece wood, giving you more choice. A "hidden" bracket kit is also available for hidden fixing of the top shelf. All pools are delivered with a blue liner with a mosaic tileband.

## Plastica Exercise Pool

Swimming is considered to be the most beneficial form of exercise whilst building strength and stamina and reducing stress to the body joints due to the buoyancy of the water. If you have not got the room for a full size pool in your garden then why not try the new exercise pool, 3.9m long x 2.4m wide x 1.17m high, fitted with the over the wall 1.8 kw swim jet, this new pool has been carefully designed to suit all members of the family from the strongest of swimmers to the beginners. This exercise pool can be used for all types of swimming techniques, or as an air-bubble bath for under water massage.

This exercise pool can be installed either above the ground, requiring minimal ground work, or in-ground providing an easy installation and aesthetically pleasing addition to your home leisure & exercise routines.

The pool is supplied complete with:

- Wooden structure including filtration enclosure
- 1-piece wooden top including "hidden fixings kit"
- Corner cover strips
- Internal stainless steel ladder
- External wooden ladder
- Felt, foam & liner
- Complete filtration system (inc pipework)
- Maintenance & water treatment kits
- Summer & winter covers
- Badu Jet 1.6kw Impulse Counter Current System
- Installation guide & DVD

### Plastica Exercise Pool

PRODUCT CODE	DESCRIPTION
WFP050	WOODEN EXERCISE POOL

## Wooden Pool Counter Current System

The Badu Jet Impulse unit is ideal for after market installation in any type of wooden swimming pool. It sits on the pool surround and the body drops into the pool below water level.

Once primed the Badu Jet Impulse unit produces a very impressive 40 m<sup>3</sup> per hour continuously variable flow rate with a massage pressure of 1.8 bar from its 2.30 kW input/1.60 kW output Pump Unit.

The Badu Jet Impulse has air injection via a venture system, and this is adjustable. All the controls can be operated from the front face of the units. The on/off switches are of the air button type, and so keep any electrics away from the bather in the Swimming Pool.

There is a range of extras available including Massage Hoses and Grab Rails.

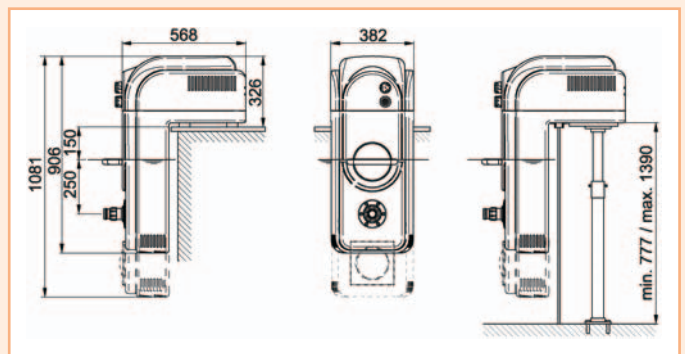

### Badu Jet Impulse System

PRODUCT CODE	DESCRIPTION
BAD003	BADU JET IMPULSE (SINGLE PHASE 2.30kW)

### Wooden Pool Filtration Enclosure

PRODUCT CODE	DESCRIPTION
WPH100	WOODEN POOL PLANT ENCLOSURE

Wooden structure built to match your wooden pool, for securely enclosing your pool filtration, heating & other plant required for the effective operation of your pool. Can be mounted against the wall of any size of Plastica's Premium & Relax Wooden Pool range, or remote from pool structure.

MANUFACTURED  
BY PLASTICA

## Wooden Pool Upgrades

### Wooden Pool Upgrades

DESCRIPTION
WPU100 PREMIUM WOODEN POOL FIXINGS UPGRADE
WPU200 WOODEN POOL PIPEWORK UPGRADE KIT

Upgrade Premium Wooden Pools to have hidden top shelf fixings, a bracket system which hides the screws by fixing to the underside of each plank rather than through the top.

A Pipework Extension Kit is available for the addition of electric heaters or other plant room equipment.
